*Scottish Birds*, the official journal of the SOC, publishes original material relating to ornithology in Scotland. Papers and notes should be sent to The Editor, *Scottish Birds*, SOC, Scottish Birdwatchers' Centre, Waterston House, Aberlady, East Lothian EH32 0PY.

**The Scottish Ornithologists' Club** (Scottish Charity Reg. No. SC 009859) was formed in 1936 to encourage all aspects of ornithology in Scotland. It has local branches which meet in Aberdeen, Ayr, the Borders, Dumfries, Dundee, Edinburgh, Glasgow, Inverness, New Galloway, Orkney, St Andrews, Stirling, Stranraer and Thurso, each with its own programme of field meetings and winter lectures. The George Waterston Library at the Club's headquarters at the Scottish Birdwatchers' Centre, Waterston House, Aberlady, East Lothian EH32 0PY is the most comprehensive ornithological library in Scotland and is available for reference 7 days a week. A selection of Scottish local bird reports is held at headquarters and may be purchased by mail order. Check out our website for more information about the SOC and other bird related organisations: [www.the-soc.org.uk](http://www.the-soc.org.uk)

An issue of *Scottish Birds* is published each year, in June. *Scottish Bird News* is published quarterly in March, June, September and December and the *Scottish Bird Report* is annual. The Scottish Ornithologists' Club publishes the annual *Scottish Raptor Monitoring Scheme report* on behalf of the Scottish Raptor Monitoring Group with grant aid from Scottish Natural Heritage. It is sent to all members. Bird names used in publications follow those used in the Scottish List (*Scottish Birds* Vol 22(1): 33-49). Copies of these reports may be purchased by non members on application to the SOC.
