## SCOTTISH BIRDS — BINDING

Arrangements have been made for binding Volume 11 of *Scottish Birds*. The charge is £8.75 for binding in red buckram, or £10.75 for binding in red quarter leather, both prices including return postage in U.K. only. The parts to be bound (Nos. 1 to 8, Index, 1979 and 1980 SBRs) should be sent direct to the binders together with your remittance to cover the cost of binding. Back numbers may be purchased from the Secretary, Scottish Ornithologists' Club, 21 Regent Terrace, Edinburgh, EH7 5BT, but NOT from the binders. Previous volumes may also be sent for binding at the same time and at the same rates as Volume 11. *Please be sure to complete the binding form on the back cover* (with details of your name and address, remittance, and styles of binding required) before sending the parts to:

**P. G. CHAPMAN & CO LTD**  
**Kent House Lane**  
**BECKENHAM, KENT**  
**BR3 1LD**

Volumes sent *immediately* will be returned within about three months, but this time cannot be guaranteed for volumes not sent promptly, as costs can only be kept down by binding a substantial number of volumes at the same time.

**Note** the nature and thickness of the quarterly sections tend to produce steps in the fore-edge of the bound volume, but the extra cost of producing the journal in smaller gatherings, mainly for the benefit of those who want to bind their copies, would not be justified.
